

# We've All Been There

Watch the short film,

*We've All Been There.*

<https://vimeo.com/56464411>.

*Discuss the plot, the characters, the connections between the characters, and the empathetic (or non-empathetic) actions of the characters. Some questions to consider as you discuss.*

Can you distinguish empathy from kindness in the film? How so?

What type of relationships can benefit from empathy?

What may cause a lack of empathy?

What are the benefits to empathy?

Have you ever provided or received empathy in a similar way?
