Meet the Experts: Careers in Social Work, Counseling, and Therapy Panel

Interested in a career in counseling, therapy, clinical, or medical social work, but not sure what this entails or where to start? This unique panel is designed to provide students and alumni tips, advice, and networking opportunities with professionals working in the sectors of counseling, therapy, and clinical social work.

Panelists will present on successes and challenges in their respective positions. Come prepared to network and learn!

- What is a day in the life like for a medical social worker, counselor, or therapist?
- The difference between counseling, social work, marriage and family therapy, and psychology.
- Understand what it takes for professionals to work in these sectors including, but not limited to, graduate school, licensure, and internship hours.
- Network with professionals and learn about internship and career opportunities!
