UNDERGRADUATE RESEARCH OPPORTUNITY!!!

Project TEAS: Teachers’ Experiences Across Subjects

⇒ Are you interested in how kids learn?
⇒ Are you interested in how teachers teach?
⇒ Would you like to gain hands-on research experience with a great team?

Project TEAS is looking for part-time, undergraduate research assistants to work on a study of elementary teachers’ and students’ experiences across the subjects of math, science, and literacy. Join our team!!!

- Gain helpful experience for grad school and job applications!
  - Make valuable connections with ASU faculty!
- Get credit while doing something interesting, important, and hands-on!
- Stay on TEAS for more than one semester, and have the opportunity to get paid!

WE ARE CURRENTLY RECRUITING FOR FALL 2018! START NOW!

Interested? Send an email to Dr. Leigh McLean, (Leigh.McLean@asu.edu) with “TEAS Undergrad RA” in the subject line

Research Assistant roles include:
- Observing elementary classrooms
- Collecting survey data from children
- Entering and evaluating data
- Creating online surveys
- Working as part of an ASU research team
- Working with local elementary teachers, students, and school administrators

We are looking for (flexible):
- Minimum 3.0 GPA
- Available at least 9 hours/week, and able to work at least 3 hours at a time
- Desire to work on the project for more than one semester
- Reliable transportation (study travel mileage reimbursed)
