

TO: The Sanford School Faculty

RE: Janet and Brad Wilde Family Undergraduate Research Scholarship

The Wilde family has generously set up an endowment to annually fund students in our school. The scholarship recipient must be enrolled as a full-time undergraduate student, with a minimum of sophomore standing. The student also must be a major in either Family & Human Development or Sociology with a minimum GPA of 3.0. Financial need is not a factor in this scholarship and it is not renewable.

Applicants need to demonstrate that they are involved in the field of alcohol/drugs either on an applied or academic level in their application materials (e.g., volunteering with a social service agency, being a part of ongoing research project, or taking independent study). Thus, students must submit a description of how they are involved in the field in addition to completing the Sanford School scholarship form. In addition, students must have a faculty member complete the attached form to verify their involvement.

I encourage all of you to talk to your students and solicit their interest and involvement in this. Applications are due to the Sanford School on **February 22**. Because this application takes time and planning, we are encouraging students to begin planning now.

Janet and Brad Wilde Family Undergraduate Research Scholarship Application

Note:

- Students must also complete the Sanford School Application Form.
- Faculty are to complete a faculty verification form.
- *Both* the Sanford School and the Wilde Family applications are due on **February 22**.

Each scholarship recipient shall identify how they are currently involved in the field of alcohol/drugs. Involvement may be at the applied (e.g., volunteering with a social service agency) or academic involvement (e.g., being a part of ongoing research project, or taking independent study).

Name of Applicant: _____ ASU ID# _____

Description of involvement (students can use an extra page if needed):

Janet and Brad Wilde Family Undergraduate Research Scholarship Application

FACULTY VERIFICATION FORM

(Faculty are to also complete a Sanford School Scholarship Recommendation Form)

I have read the student's description of his/her involvement in the field of alcohol/drugs and can verify the student's involvement.

Students' Name: _____

Name of Faculty Member: _____

Signature of Faculty Member: _____ Date: _____
